

April 15, 2011

Dear School Principals and Guidance Counselors:

The Seminole Club of Southwest Florida is offering college scholarships again this year. These are one-time scholarships in the amount of \$1,000 for high school seniors who will be attending Florida State University in the fall of 2011.

The scholarships will be awarded based on the following: a desire to attend Florida State University, financial need of the student, academic performance and community service activities.

The Seminole Club has awarded \$1,000 scholarships each year over the past several years. The number awarded depends upon the amount of money that is raised at our annual Florida State University Golf Tournament and Banquet. The winners for this year's scholarships will be selected prior to our banquet and will be invited to attend the banquet, Friday, May 13, 2011.

We ask that each high school select **two (please, only two) applicants**. Please have each of the applicants submit via email by April 30, 2011 the following:

- An essay on why he/she has selected to attend FSU and an explanation of his/her financial need. The essay should also include any and all community service activities in which the applicant has participated during high school (include community service hours).
- Include a (scanned) copy of his/her high school transcripts, as well as class rank, and SAT/ACT scores.
- Verification of acceptance to Florida State University (scanned or forwarded email)
- Current address, phone number and e-mail address

In compliance with NCAA Rules, we are not allowed to give a scholarship to anyone who anticipates playing a varsity sport for Florida State University.

This will be your only notice of this scholarship opportunity. The application must be sent by **April 30, 2011** via email to:
